

PACIFIC NORTHWEST NEWFOUNDLAND CLUB PRESENTS

# BUILDING A BETTER TEAM WITH YOUR DOG (EVEN IF YOUR DOG ISN'T A BORDER COLLIE) INSTRUCTED BY KAY PEDISCH

Are you interested in finding out how you could better and more smoothly present your dog regardless of the event? Frustrated that your smart dog is either ignoring you or has become a smart ass? Tired of working so hard to get a stack or proper

gaiting? This brief workshop will give you some takeaways to working with your dog and the ability to change up your game to address different behaviors and with different dogs. It is aimed at building a foundation with any dog from baby

puppies to adults. Its not a miracle and it is work, but results are evident and are easily implemented into your daily dog routines.

Please join us for this informative two hour presentation for Building a Better

Team with Your Dog. No matter what your goals and training are aimed at, this presentation can help everyone and every dog.

About Kay:

Kay has been showing dogs for over 35 years (currently pugs & bullmastiffs) including an 8 year stint as a professional handler and working/learning with professionals. She trains in both conformation and obedience/rally and focuses on the human/canine team dynamic with humor and guidance.
