

WATER WORK GROUP TRAINING COVID 19 HEALTH AND SAFETY

Tuesday and Saturdays Beginning July 7 thru September
Depending on day and week, 8:30 or 9:00 to approx 11:00
Horseshoe Lake Park, Woodland, WA
www.pnnc.org courtroyalnewfoundlands@gmail.com

Safety Rules and Regulations

We are looking forward to group training again for the summer and will be practicing safe and healthy protocols put forth by both the states of Oregon and Washington. Groups will be dispersed to five people or less, per City of Woodland, WA. Face masks must be worn during group sessions, and social distancing observed. Hand sanitizer and cleaning solution for oars will be available and should be used before and after use of boat and in between helping with each team. As an extra safety precaution, bring a towel for use of you and your dog for boat platform. Please do not share equipment. Again, we look forward to being able to have group training and want to do our part to continue safe and healthy practices. Thank you so much for your understanding and efforts.

Please do not attend if you are feeling sick or have symptoms consistent with Covid-19.

Make sure to contact us for weekly schedule confirmation. **Attendees will be asked to sign in (rsvp) to each practice with their contact information. The sign in (rsvp) will allow us to contact the group or pass contact info on to health authorities if someone gets COVID-19.**

Additional information, including what to expect, expectations, equipment, and contacts can be found either on www.pnnc.org or PNNC Facebook Group files.
