Please Note: Bitches in season may participate in NCA Water Tests. Bitches in season will be kept out of the test area and away from all other dogs until called for by the judges. Bitches in season shall be judged at the conclusion of judging for that day. When Junior, Senior and Excellent Division entries are judged on the same day, any bitch in season shall be judged after regular divisions has been completed, including post entries. Bitches in season will be judged in the order that their divisions were judged earlier in the day. This applies to two(2) day tests which are held back to back a well. If a club holds a test for only one divisions on one day, then the bitches in season in that division will be tested at the end of that day. Bitches that have had an ovarian sparing spay are required to be tested as “Bitches in Season”. **Please let the test secretary know if you have a bitch in season before the test.**

Site Description: Horseshoe Lake Park is located in Woodland Washington, approximately 25 miles north of Portland, Oregon. The 6.5 acre park on the North shores of Horseshoe Lake includes a covered picnic area, open lawn space, picnic tables and bathrooms. The 85 acre Lake has a maximum depth of 16ft and averages depths of 6 feet. Horseshoe Lake is a no-wake lake and is open for swimming, fishing and all types of paddling. Currently water is pumped into the lake from a large culvert from the Lewis River. The Lake is stocked annually with Rainbow Trout and Bass. The lake is calm fresh water. The test area is a sandy beach with easy access and water gradually increasing in depth. Swimming depth for the dogs is about 20 feet from shore. We have use of a covered pavilion with picnic tables and ample treed/ shady grassy area for setting up x-pens and crates. The structure will be closed and locked so participants can store tents, crates, etc over night on Saturday. There are restrooms on site. It is a public park and there are often visitors and a playground near the test site. Parking is available near test site at no charge.

Practice: The test site will be available for practice on Friday afternoon prior to the test. There will be no organized practice and a boat may not be available . Please note: Dogs are required to be on leash at all times except during the actual test. Off leash dogs are subject to fines and the park is patrolled regularly. Please observe the parks leash policy.
